

Élections Législatives

Scrutin de Ballottage du 30 Novembre 1958

Circonscription Le Puy-Sud - Yssingeaux

Électrices, Électeurs,

Vous m'avez dimanche magnifiquement assuré la première place, je vous en remercie. Le Général de Gaulle a prôné un large rassemblement, j'aurais pu espérer de ceux qui se recommandent de lui un désistement en ma faveur.

Mes adversaires se disent « nationaux », parlent de discipline et d'union, mais ne les appliquent pas quand leur intérêt personnel est en jeu.

Ceux qui se recommandent du parti des indépendants et critiquent cependant l'action des partis, veulent réduire la possibilité pour l'électeur de choisir son candidat. En se désistant l'un pour l'autre les frères ennemis se moquent du suffrage universel.

Vous ne vous laisserez pas prendre à ces combinaisons méprisables du second tour. Vous affirmerez votre liberté en votant pour le candidat national le plus favorisé.

● **Vous voterez utile, vous voterez Noël BARROT**

Vous voudrez un député qui ne soit pas toujours à PARIS, mais qui chaque semaine à YSSINGEAUX et au PUY vous accueille, vous écoute, s'inquiète de vos besoins et essaye de vous aider.

Vous voterez pour un homme social, intègre, que ses amis et ses adversaires estiment. Pour un homme à qui les problèmes ruraux et familiaux sont bien connus. Vous voterez aussi pour son idéal humain, parce que chrétien.

Vous voterez en pensant à son suppléant Jean PRUNAYRE qui symbolise l'avenir dont rêvent pour notre pays des générations de jeunes et spécialement de jeunes foyers ruraux.

Pour la propreté, pour la loyauté.

Pour la République, pour la France.

Vous ferez triompher Dimanche ma candidature.

Noël BARROT

Député sortant

Candidat d'Action Rurale, Familiale et Sociale

présenté par

le M.R.P. et la Démocratie Chrétienne de France

Suppléant : Jean PRUNAYRE

Electoral Legislation

Journal of Political Science 1933

Electoral Legislation

The purpose of this study is to analyze the electoral system in France, and to determine the factors which influence the results of the elections. The study is based on a comparison of the electoral system in France with that of other countries. The results of the study show that the electoral system in France is based on a system of proportional representation, which is designed to ensure that the results of the elections reflect the will of the people. The study also shows that the electoral system in France is based on a system of universal suffrage, which is designed to ensure that all citizens have the right to vote. The study concludes that the electoral system in France is based on a system of proportional representation, which is designed to ensure that the results of the elections reflect the will of the people.
